MVCC MEMBERSHIP APPLICATION	22

FROM THE SECRETARY

To MVCC Members:

Online memberships-

It had been brought to attention that some members do not know how to get their online membership newsletters. Below you will find how to get access to them. If you did not pay for the online membership then there is no need to worry, yours will come in the mail.

The positives of getting an online membership is that the newsletters are delivered online instantly and IN COLOR!

If you paid for the online newsletter membership, you must contact MVCC's webmaster Sean Nichols at jetnoise400@hotmail.com or (775)424-3813 to get your password. He will have your information or you can contact me to find out your membership status. Sean will set you up with your own password so you can log online at www.mvccnews.net, and there you can view all MVCC Newsletters online and IN COLOR! Should your membership expire Sean will stop your access.

If you have any questions or concerns please email me at istanbull@sbcglobal.net, and I will see what I can do for you.

Name tags-

If you are a paid member and do not have a name tag and would like to purchase one, they are \$9 at the moment. The price changes, so if it's less we will pass on the savings to our members. If you need a replacement badge you may order one as well at the same price.

The new badges look a little different from the old ones, so it doesn't hurt to have an extra badge. Membership dues are due January 1, 2017 unless you are paid until 2018 or later. There are many that choose to do the 3 year membership which has saved them some money.

Sincerely,

John Verissimo

MVCC Secretary

AT THE FRONT

Dave Ball, MVCC President
(408) 805-0065
vought@msn.com

Hi Everyone...

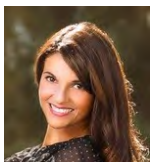

Well its raining again, and Thanksgiving is about ten days away. I hope everyone gets to spend sometime with family and friends and fill up on some traditional vittles. This is that time of year when we mothball our old iron and replace worn out or misbehaving parts with those we have collected during the swapmeet season for off season repairs. A word to the wise, Petaluma is coming and there are many opportunities for driving our military vehicles on roads without the demand for rocket assist. I hope to get my M-170 finished in time for it. Speaking of Petaluma, I have written a short article on what to expect at our new location for the 40th Annual Spring MVCC Swapmeet. It is in this issue.

I am getting some calls from members who have gone and visited Petaluma KOA who want to voice some concerns with the venue change. Several members wanted to point out the coastal climate and the lack of parking space.

Yes, it might rain in Petaluma. It could also be really nice in the 70s and sunny everyday. Parking will be just like at Tower Park. We will, with everyone's cooperation, make it work. We will probably park our car trailers offsite. There is a huge parking area just below the park's office building, but it has a pretty high water table due to the Petaluma River being nearby or actually under it. It does get muddy and/or have standing water issues during high tides or after several days of rain. Guess it's a good thing we collect military vehicles, and we don't mind a little mud on our tires or tracks. Most of us after years of rainouts at Patterson, Big Bear, and Tower Park know in April you should prepare for rain, so we travel well equipped and are used to some weather related tarp spreading and adult beverage breaks. Just remember to put the tarps in the trailer before you leave and hook up the fording pipes. Don't forget the beverages. It's that time of year where you start seeing Uncle Sam on the cover of the newsletter saying to pay your dues now! We know you won't forget, but just a friendly reminder before you blow all your dough on black Friday military ponchos, tarps and fording gear that you probably won't need but should always carry. The newsletter cut off date for non-paying members will be February 28, 2017.

I want to wish everyone a great Thanksgiving,
Dave Ball

SPRING SWAPMEET NEWS

PETALUMA HERE WE COME

Listed below is some useful info about the April 18-23, 2017, Swap Meet move to Petaluma KOA. I will try and answer some questions and give you some useful info in this short article.

As you probably already know, Tower Park was sold to Jellystone Park Camp-Resort, and because of the changes Jellystone has planned for that park, we are moving the Swap Meet in April 2017, to Petaluma KOA. An exhaustive search was conducted for a new park that would meet the various needs of MVCC members. Petaluma KOA had many of the attributes we have enjoyed at Tower Park plus a couple added benefits. This is an MVCC Swap Meet and is open to all. MVCC members get first choice of campsites. Guests and visitors are welcome. There is a four night minimum stay. This was instituted during negotiations with KOA to bring down the rates and to help secure the campground, so that the MVCC would have exclusive use for as many days as possible. The four nights will be anytime Tuesday thru Saturday. You will still be able to come in early and stay later if you would like to. Also KOA has promised not to double rent a paid spot if a camper pulls out early.

JoAnn lesser is acting as our Wagon Master and all reservations and cancelations need to be made and tracked by Joann. She is the MVCC's primary contact with KOA. Joann's phone number is 408-238-8277.

Joann is working very hard at this time to accommodate everyone who would have had a reservation for the 2017 Spring Swap Meet at Tower Park. You cannot get a campsite for our event by calling KOA or going to their website.

As of today, you can call Petaluma KOA and pay to reserve your site. Joann has sent a list to KOA with all the reserved site info, and it has been put into the KOA reservation system. It is now up to you the member to get a deposit on your site by calling the KOA in Petaluma. If you are not in their system, please call Joann. The phone number for Petaluma KOA is 707-763-1492. The address is 20 Rainsville Road, Petaluma CA. 94952. The official dates for the MVCC Spring Swap Meet are April 18-23, 2017. The KOA website is <http://koa.com/campgrounds/san-francisco/>

There are various types of campsites and costs for them ranging from 65 foot long full pull throughs at \$50 a night for single use and \$37.50 a night for double use. Also developed sites that are tent or vehicle dry camping for \$37.50 a night as well as dry tent only camping in three group areas at \$10 a head a night. The 6 person Deluxe Lodges are \$140 a night and the studio lodges are \$130 a night. There are a number of 1 room camping cabins without bathrooms that are \$57 a night. These have a TV and low wattage power. Take notice that if you share a pull through, you can put two small motor homes or a motor home and a tent and share the hookups for \$37.50 a night each. The park has a truck to service your dump tanks at your campsite if you are in a site that has water and power but no sewer. They will pump your tanks twice during the week for free. You do not have to be there. They will give you two stickers for your windshield. Make sure to ask for them when you check in. There is onsite propane and a dump station.

Down in the tent camping area, there is a camp kitchen with sinks and counters to wash dishes and prepare food. There are freshly remodeled restrooms with showers throughout the park. Amenities include a large pool, hot tub, and store in the office with firewood for the fire pits in the campsites. When you check-in you will be given a wristband for everyone in your party present up to four depending on your site type of course. If you have guests arriving later, they can pick theirs up when they check-in at the KOA desk. Everyone must check in and wear their wristband. If you tow a vehicle on a trailer, we are working on nearby parking for trailers so stayed tuned for that info.

Sonoma county and the north coast is an area that has many outdoor activities. There are many lazy roads to travel to local attractions that are either day or half-day trips. Some attractions are a mile away in downtown Petaluma, and some are 20 miles away at the coast or nearby wine country. As we get closer, there will be more info about food during the day, dinners and activities.

**So stayed tuned,
Dave Ball**

sonnyhanson@comcast.net

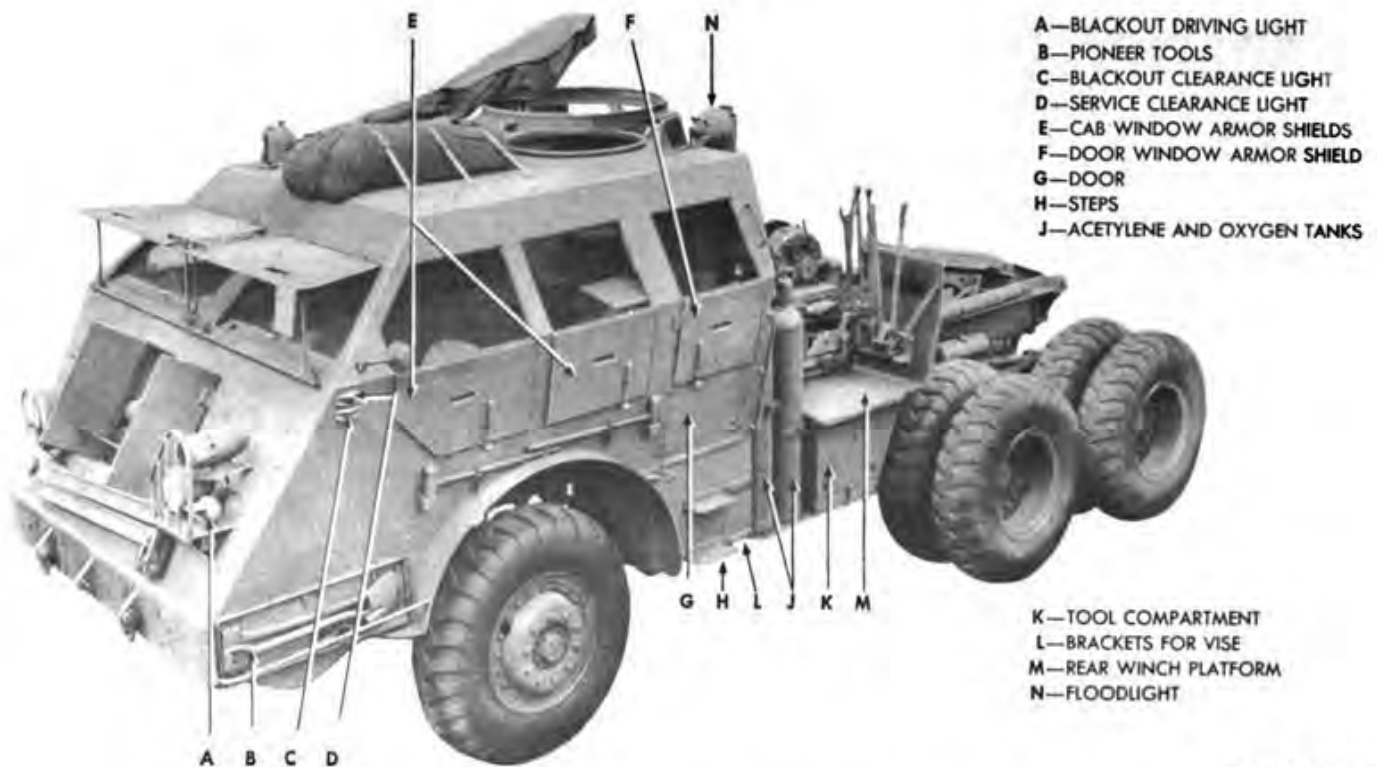

Hello to everyone in the North Bay. It's Friday 11-14-16 and it's raining. That tells me I need to start work on my winter maintenance and repairs. All my six trucks are running but there are a few little things to fix. Like leaking seals, disappearing break fluid, (I don't know where the fluid is going) put on new tires, touch up paint, etc. In the Sept. newsletter, I told you I found some LED lights for my 41 Dodge. They fit right into the stock tail light and look just like the stock ones only brighter. I forgot to say that I got them from Paul Fitzgerald in Hercules CA. 94547. He makes them in his workshop at home. If you are interested, you can call him at 925-595-1236. He is an MVCC member and has several MV's.
Have a happy and safe Thanksgiving.

Sonny Hanson
Your MVCC North Bay VP east

To all:

These pics were taken at the end of the Pleasanton Veterans parade 2016. I am taking the shot. I want to thank everyone that made the convoy and parade. We had to take a different route into Pleasanton and had a lot of signals to go through. With the radios on and timing we did not get broken up. (Thanks to Randy Parent and Ed Schommer and their radio equipped Mutt's.) My left cheek from the clutch and the Dodge's gear box have not recovered yet. LOL. Thanks for a great season. Debbie and I wish you all a great Thanksgiving and Holiday season.
 Mike

Dave Porter, Northern Region VP
Divisions 530 & 916
dnporter56@comcast.net
530-677-5115

Hello from the North,

We attended three events for Veterans Day: On November 10th, a presentation and display at the El Dorado Hills Senior Center featuring Nancy Porter giving a talk on WWII sites you can visit in Hawaii, Vanuatu, Solomon Islands, and other islands in the South Pacific. I displayed a '43 GTB cargo truck and my '45 Willys Holden style ambulance jeep, both appropriately USMC vehicles for the Marine Corps birthday that day. The vehicles drew a large crowd including a couple of appreciative Marine Corps vets. On November 11th, the annual Veterans Day Parade in Auburn. We had 10 jeeps and a Halftrack in attendance, organized by Ben Hovis and the Foothill Vintage Jeep Group. I transported Barney Gruber, a locally popular Marine Corps vet that fought on Iwo Jima in WWII. On November 12th, a display hosted by the Northern Recon Group included free rides for veterans and veteran's family members on an authentic, operational "Higgins boat" LCVP landing craft, the same one that was on display at the MVPA Convention in Pleasanton. I was able to drive my '43 GPW onto the landing craft and go for a short cruise in Ellis Lake in Marysville, followed by a driving the jeep down the ramp and out onto the shore in a dramatic "landing", splashing through 6" of water onto the boat ramp. What a kick.

Upcoming events are winding down for 2016, with a few Christmas parties to attend being about the only thing left for this year. In early December we'll be flying with a small group of military vehicle collectors to Oahu for the 75th anniversary of the attack on Pearl Harbor. We'll be visiting WWII sites, watching the parade in Honolulu, and going on the last "Home of the Brave" tour. The tour includes visits to the USS Arizona memorial, the USS Missouri, the Museum of the Pacific on Ford Island, Wheeler Field and other sites with an emphasis on December 7, 1941. Watch for pictures and more after we get back home.

Keep 'em Rollin'
Dave

Round fender model fits M38A1, CJ4, M151, WC M38A1.....	\$229.85

Sewn in our canvas shop from Matrix car cover material. This fabric allows moisture to escape but rain beads and rolls off. The inside is soft and gentle on your paint job. Can be used outdoors as a weather cover or indoors as a dust cover. This cover is custom fit to the vehicle and features a stretch band in the lower hem to keep the wind from lifting it. Fits over spare tire and gas can. Two large grommets are installed for a security cable or tie down running under the vehicle. Easy for one person to put on or remove. Light gray color outside, white inside. A storage bag is included.

Remanufactured Engines

Surplus City Jeep Parts carries remanufactured 4 & 6 cylinder engines for military vehicles and civilian jeeps. We can rebuild your engine or order one from stock and exchange your core. Please call to discuss the details on this. Subject to availability.
