vought@msn.com

Hello Everyone:

Hello Everyone....

I hope everyone had a great time at Tower Park last month. I had a great time, found some rare Jeep parts I have been hunting for and saw many more GI parts and accessories and some real bargains too. I hope everyone got to sell, buy and share what they found.

I want to thank everyone that brought parts to swap. I spent many hours going through them and found some great deals and a couple very hard to find new old stock parts. Best of times. As always it was good to see so many of you and to talk with you check out your vehicles and relax a little. I want to thank everyone that brought their vehicles. Lots of nice restorations getting done. Keep it going. Remember there are Jeep and Ford Burma displays happening this coming April of 2019. That's just 6 months away. :-)

I want to thank Damon Viola and Sean Nichols who have stepped up to be the POC for the Jeep showcase. These guys, as you know, are the stars of Jeep Talk. This April will be a great show so start getting ready now, so you can bring out your Jeep. Remember all Jeep vehicles from WW2 up to the M151 are welcome and any stage of restoration. If it rolls, bring it. We want to see it. The MVCC has many members and also many different types of vehicles. Those vehicles, whether freshly restored or original patina, are all welcome. I really enjoy seeing all the different vehicles including those with updated or custom work done to them. All military vehicles are welcome. No excuses - drive, tow or drag them to the swapmeets for all to enjoy your work.

We had a record turnout for the General Membership meeting Saturday morning with a couple hundred members present. I appreciate everyone that came to the meeting.

For those that were not able to attend the Fall swapmeet, the meeting discussion centered on the many changes that Tower Park has gone through. At the top of the list was the most recent rules changes, the poor treatment and service. My opening comment was that none of this matters now as the MVCC will not be returning to Tower Park.

That decision was not an easy one to make after so many years of MVCC events being held annually at Camp Delta. We all have fond memories of past events held there. Tower Park Resorts management has said no to groups. We tried to work with the local campground management team to keep our fall swapmeet there, but they could not work it out. Moving forward, look at the maps and articles and call Joann. We are on the move to Plymouth, CA.

“Keep 'em Rolling, Floating and Flying”

MVCC FRONT OFFICE

Christina Verissimo, Treasurer
(209) 918-0388
crstna_vrsmo@yahoo.com

John Verissimo, Secretary
(209) 918-0488
istanbull@sbcglobal.net

Secretary and Treasurer after action report September 2018 Tower Park Meet.

We arrived on Thursday, opened up the club merchandise trailer for business on Friday from 10AM to 12 NOON, then closed for lunch/board meeting, then opened up from 3PM to 6PM. Then opened up on Saturday after the membership meeting from 10:30AM to 5PM.

The Quarter Masters trailer had \$100 from the treasury for start up cash for change.

The following does not include start up cash:

The MVCC Quarter Masters sold \$430 in merchandise to members on Friday and \$1,000 on Saturday. The MVCC Secretary received 31 paid applications for memberships for a total of \$1,040 for both days.

This gives us a grand total of \$2,470 made on in two days at this event. Had we been open Thursday who knows what we could have made!? Lots of people came for the day on Thursday only.

Merchandise - we sold both old and new t-shirts, pennants, hats, sweaters, mugs, etc..

Dues - lots of new members and past members signed up due to the requirement you need to be a member to get a spot at Camp 49er early and with a club discount! Remember, dues money and merchandise money help the club help you. By supporting the club you are supporting the members so give yourself a pat on the back if you bought something!

One person commented that they had to get a membership because the MVCCNEWS.NET site changed their newsletter viewing of newsletters for non members, meaning you have to wait 6 months to view it on the public side if you are not a member so he went ahead and signed up for a membership so he could view it right off the press!

I've already processed and mailed out the new membership cards today!

As far as this meet went I consider it a success for its members, vendors, visitors and the MVCC personnel that help put it on. It was a good event, we had new members and old ones to join up. We got to meet new people and were able to help direct them to whom they wanted to see.

We hope everyone had a good time this weekend, we did! Thank you to everyone for coming by the booth and saying hi. Looking forward to seeing you all in April at CAMP PLYMOUTH!!!

Your secretary and treasurer,

Johnny & Christina~

HELLO MVCC MEMBERS!

I would like to say good day to all my MVCC members across the world! The days are getting shorter and the mornings colder.

Tower Park Fall Meet has come and gone, that was fast! It was great to see all the people in attendance at this event. Lots of old and new faces. Johnny Verissimo, Christina Verissimo and I manned the MVCC HQ Club Quartermasters Booth Friday and Saturday and made a decent profit for the club! We also signed up new members. Thanks for coming by and supporting your club.

I am working on the April 2019 Spring Meet GTB Burma Jeep and Bomb Truck Showcase so if you know of anyone with a Burma or Bomb truck please let me know and I will personally contact them to see if they would be willing to bring their vehicle to show in our showcase. I hope to make it a large showcase if possible. There will be plenty of room for transport trailers and free parking at the event so that will make things better for people hauling their MV's!

Well back to my restoration story of Froggy, my GTBS Ford Burma Jeep Bomb Service Truck. So after buying Froggy and having it delivered and accepting the delivery I pushed the Burma into my barn and started torching off all the excess metal off like safari cage and metal doors. Then next I had my son Jordan drive it to town to our local truck scales to have the truck weighted with the least weight that it could for the registration & Title procedure. Next we started removing the front bumper, rear bumper, front fenders, rear fenders, hood, windshield frame, windshield and wood bed. Next up, the DMV my favorite place in California to visit. The LONG process of getting Froggy registered began. Something interesting I had was the original pink slip from 1948 when the first owner bought it at the government auction, that was kinda neat. After getting FROGGY all stripped down I pulled a better set of front fenders from one of my other GTBS's that were in better shape and rust free. The next was to gather up all the sheet metal for the sand blaster. After the blasting was done I picked up all the parts and started the body work. I started metal finishing the small dents, welded holes and straightened up the rear single wheel fenders that are the rarest WW2 truck fenders you will ever find. One of the fenders was pretty rough so I had to learn how to use an English Wheel to get the ripples and bad dents out. I always like to do all my body work with some small imperfection to add character. Stay Tuned for my next installment.

 831-595-3487

Well as we enter the final stretch of 2018, there doesn't seem to be much on the horizon for upcoming events (that I know of). If I'm wrong and you know of an event in the Central Coast area, please let me know.

The only local event that I am aware of is the Salinas Veteran's Day Parade. The promoters should be calling me shortly to see if any of us will be attending. So if you are at all interested let me know so I can pass on that information.

For myself (and the LRDG jeep) I plan to be in San Jose at Santa Row for a static display on the Nov. 11th with T-8 and Doug Boales and his crew of volunteers for the day.

Donna and I had an interesting trip during Aug/Sept. My grandson's wedding went off without a hitch overlooking a beautiful lake in Connecticut on Aug 31st. We were there for a few days then left for the Baltic Cruise. The cruise ship got stuck in St. Petersburg an extra night when the Port authorities closed it for bad weather (40 knot winds). So we missed our next port of call. Other than that; the weather was cooler than we expected, we managed to overcome that by buying some sweater with a "Nordic" design.

Now that I think of it there may be some local Christmas events, if I hear of any I'll contact my local group and pass on the information.

IMPORTANT NEWS!
WAGON MISTRESS REPORT

Jo-Ann Lesser

Hang on to your hats folks, it's gonna be another crazy ride! The MVCC is moving our April 2019 encampment and swap to the **49er Village RV Resort, 18265n Hwy 49, Plymouth, CA. April 14-20, 2019.** Jellystone didn't appreciate how wonderful we were and kicked us to the curb....again!

To be pre-registered for a site please send name, phone number, MVCC member number, type of site needed as well as length of RV, truck/trailer and number of nights staying to MVCCcampmistress@yahoo.com. A reply e-mail will provide site number assigned and how and when to make a deposit to the 49er.

There have been some questions as to what constitutes an RV. An RV is a vehicle or trailer that is or has been designed with living spaces. Examples: motor home, camper van, 5th wheel, truck camper, travel trailer, toy-hauler. The contract that was signed with the 49er states, **“no tents, no sleeping in utility trailer, no sleeping in trailers or trucks with canvas top.”** If you were assigned a site and plan on camping in your utility trailer, pick-up truck bed or deuce.....Don't! This is our first time at this resort and we don't want your action to reflect badly on the MVCC. Please contact me at the above e-mail address so that we can work together to find the best site for you.

49er rates for our event are as follows with a 4 night minimum. Rally rates are available from April 13 to April 24, 2019. A one night deposit will hold your site with payment in full upon check in. At this time there are no cottages available. However, I will be keeping a wait list in case of any cancellations.

1&2 bedroom cottage \$217./night includes tax

Studio cottage \$147./night includes tax

waterfront (WF) premium site average at \$59./night

standard/premium sites average \$48.50/night

check in 1pm \$20. early check in fee

check out 12pm \$20. late check out

The Amador County Fairgrounds will be the area for tenting. It backs up to the 49er Resort and there is a walk through gate from the fairgrounds to the 49er. The fairgrounds will provide limited water/electric sites as well as dry camping sites. At this time there are no water/electric sites available. I will be keeping a wait list for water/electric sites in case of cancellation. Registration for tent camping can be made through me at MVCCcampmistress@yahoo.com. A reply e-mail will explain how and when to make payment. Rates are as follows with no minimum stay.

Dry tent \$25./night

Water/Electric \$35./night (Bring extension cord)

There is no shade at the fairgrounds nor picnic tables, please place accordingly.

Payment for tenting needs to be paid in full prior to check in at the fairgrounds. Simply multiply the rate by the number of nights staying and send a check to the MVCC Treasurer. MVCC will then write one check to cover cost of tenting to the fairground.

All guest, visitor and dropped trailer parking will be at the fairground at no charge.

I will do my best to reply to e-mail on a daily basis. If you need to speak with me about a concern or question I will be available after 1pm weekdays at 408.238.8277 or 408.440.6068

Andy Shyers East Bay VP
Divisions 510, 925
510-832-4322
mvcc510925@gmail.com

Hello 510/925 MV'ers,

keep the two upcoming events in mind. There's the **Tri-Valley Veterans Day Parade on 11/4** and the **SF Mayor's Veterans Day Parade on 11/11**. We're attending both events. **If you're planning on attending please contact me so I can get a vehicle count.**

On an unrelated note, we have the 1952 Clarktor 6 up and running. (picture below) I've never had so much fun in something so slow. After cleaning off decades of mud, crud, and mystery gunk the kids and I were able to free up the motor, get the electricals sorted, and after a bit of futzing around it fired up! I can't believe it will run on the funky gas in it, but it does. The cast iron rear fenders were replaced with "lightweight" models so this thing will accelerate hard...to 14mph!

Hope to see you soon

Andy
510-832-4322

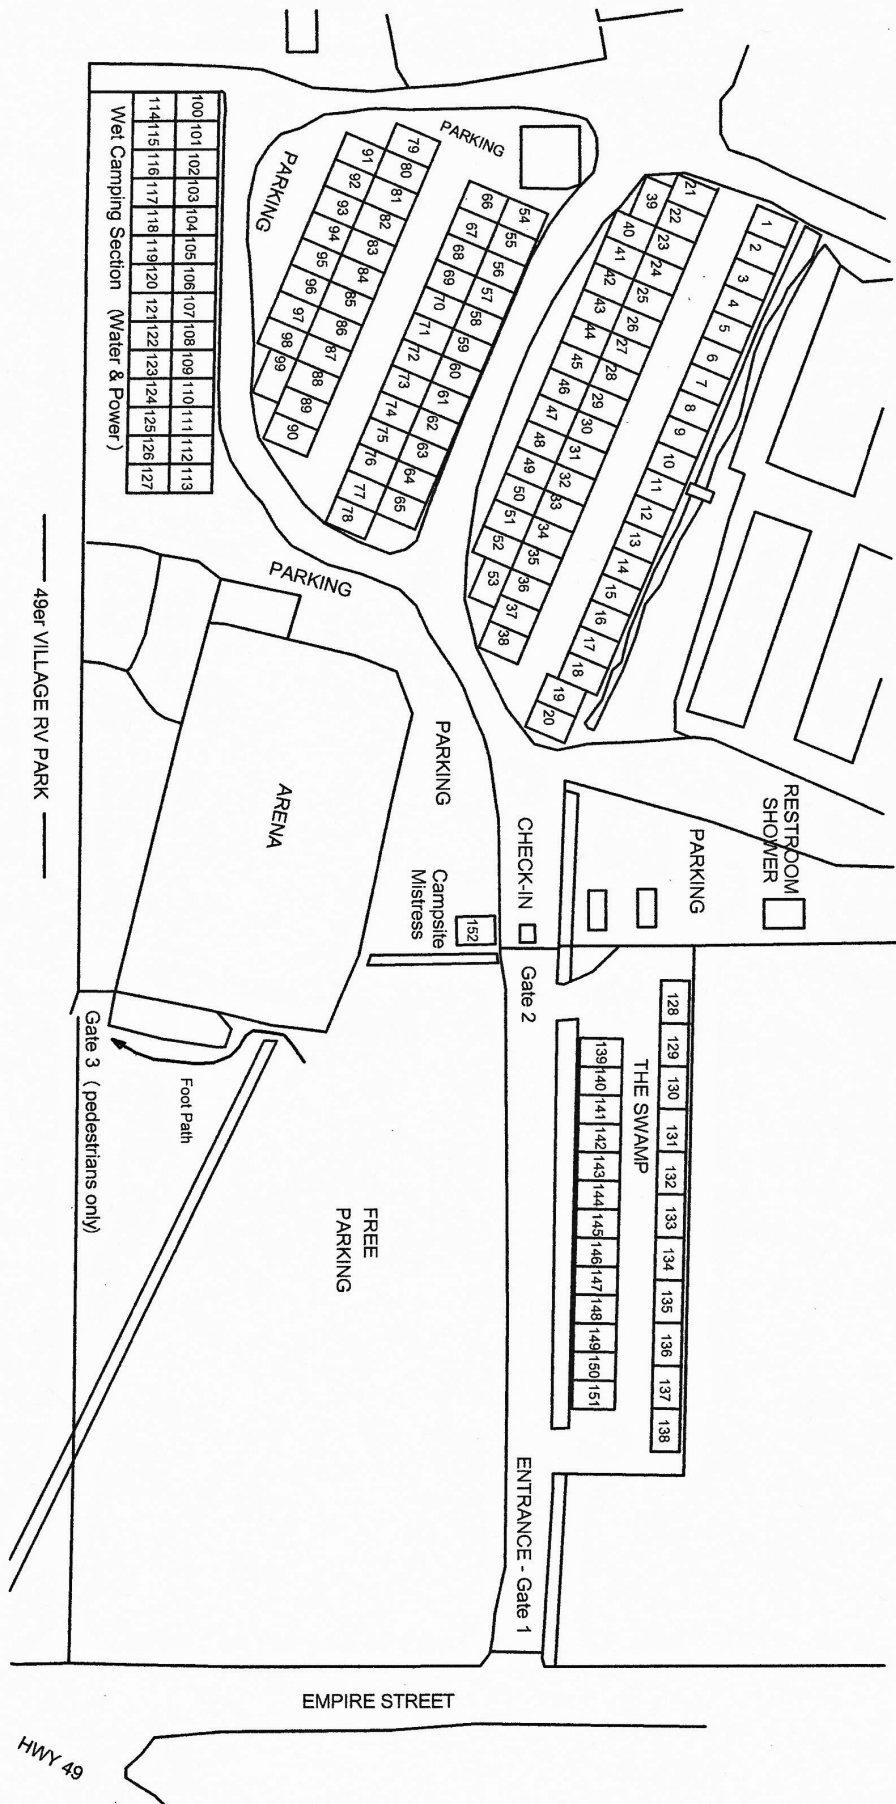

CAMP PLYMOUTH

The above map shows the 49er RV Park layout which offers RV and cabin camping and shares a fence and walking path with the Amador County Fairgrounds. At the fairgrounds, we have lots of space for displays and free parking for day visitors and tow vehicles and trailers. They also offer very reasonably priced tent camping. There is a map of the fairgrounds with the site layout on Page 11.
