Hello MVCC!

Just a quick note.

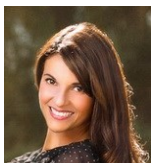

As I write this, Camp Plymouth is just weeks away. The Board has been working to make the Fall meet run smoothly. The new registration system is working well and information signage at the meet will be more abundant. We have a great venue and I will be working to improve our relationship with the fairgrounds and the 49'er park.

Members have asked if I'm going to propose any big change in the club or the meets. Simply put no, not in the near future. I need to hear from you! I want to talk with members who have ideas and fresh outlooks. We have different groups who are members of the club, the Weeklong Warriors, the Day Drop-ins and the Vendors to name a few. This is your club, the direction it takes is really up to you. I see myself as not the captain of the ship, but as it's navigator. I'll do my best to keep us off the rocks and sail smooth seas.

Chris

Dodge 3/4 ton Weapons Carriers parked tailgate to tailgate as far and wide as you can see. First several rows are WC-51's. Look close and you can see a few with M-24A1 gun mounts in the bed. Not sure where this storage yard was but it is spectacular to see this many Dodge trucks. There is also a very interesting cave in the rear of this Storage yard. Kind of puts my storage issues over the years in perspective. Editor.

Hello Everyone...

I have been in the hobby for about 12 years. In those 12 years, I have owned and restored several MVs and currently have a halftrack project which I am eager to start. I am excited to be a bigger part of our hobby and our club and look forward to making many new friends. I will do my best to inform everyone on events, news and information.

Hello again MVCC!... It seems like I never left but then again, maybe I never did. After serving as president for so long I guess it's just in my blood and between JoAnn and I we will continue to serve a club we fully believe in. We've always been full supporters of the MVCC and will continue those efforts. There's an awful lot of background effort that goes into our meets at Plymouth that most people never see but if it doesn't get done things just don't work as smoothly as they do. My other emphasis will be on representing the South Bay more actively. We have a large group of MV owners down this way that would like to see more activity and local operations and I plan on working to make that happen. There's a lot more activity in the area that hasn't been obvious to the membership that needs to be brought up on the radar. Our vehicles don't like to sit so let's find more ways to get them out and on the road!

Glad to be back (officially). Kurt

Middle right and bottom left and right pictures are a couple from that collection in Gettysburg. More next Month Editor.
